“Today an international team of anti-terrorism experts has concluded that the greatest threat to world security is not the threat of nuclear, chemical or biological warfare, but the very real threat of psychological warfare. The war for your mind!”

[Intro from the Srimad Bhagavad Gita - The Hidden Treasure of The Sweet Absolute - Chapter 16. Verses 1 - 9. Read by Srila Bhakti Ranjan Madhusudan Maharaj]

Chapter Sixteen

The Godly and Ungodly Temperaments

Daivasura-sampad-vibhaga-yoga

1-3) The Supreme Lord said: O Bharata, all these qualities appear in a man endowed with a virtuous and godly nature fearlessness, gracious-heartedness, absorption in self-knowledge, charity, control of the external senses, sacrifice, study of the Vedas, austerity, sincerity, nonviolence, truthfulness, freedom from anger, detachment from the mundane, tranquillity, disinclination to see other's faults, compassion for others, freedom from greed, gentleness, modesty, steadfastness, vigor, forgiveness, patience, cleanliness, non-jealousness, and freedom from egotism.

4) O Partha, these perverted qualities are found in a man of demoniac mentality: pride, conceit, egotism, anger, mercilessness, and injudiciousness.

5) The godly and virtuous qualities have been described as the cause of liberation, and the demoniac qualities have been described as the cause of certain bondage. O Pandava, you need not worry, for your nature is godly and virtuous from birth.

6) O Partha, the living beings in this world are seen to be of two natures godly and demoniac. I have already elaborately described the godly nature to you, so now hear from Me about the demoniac nature.

7) The demoniac nature cannot understand religious inclination or irreligious disclination. Not a trace of purity, good practices, or truthfulness can be found in them.

8) The persons of demoniac nature say that the universe is nothing more than imaginary, baseless, godless, and born of their mutual cohabitation. They conclude that the whole world was created simply for lust.

9) Supporting such a conception, the demons, who are less intelligent bereft of self-knowledge, and the embodiment of ghastly deeds and inauspiciousness, become powerful simply for the purpose of world annihilation.

I'm so scared. Scared to be me.
Scared to be everything I know I can be.
Scared to do my best. Scared to pass the test.
Scared that if I shine too brightly, you might not love me.

I'm scared. Scared to be me.
Scared to be everything I know I can be.
Scared to do my best. Scared to pass the test.
Scared that if I shine too brightly, you might not love me for me.

[Always believe although you may be so scared]

[Always believe your dreams are sacred]

See Mama blessed me and Papa blessed me.
Dear Lord up above protect me.
I need Your Blessings, I've paid my dues.
I've learned my lessons, no time to lose.

This is do or die and I choose to do.
Manifest the truth that I hold inside.
Like a precious child so scared to cry,
Scared to run. Refuse to hide. See I know I'm marked.

Marked for death by the CIA and the FBI
But this mortal flesh was born to die and I'm alive today!
So I'm a live my life to the fullest.
Pass me a trigger I'm a pull it and blast on

all demons who got hate for God
I ain't gotta tell you that life is hard, cause who feels it knows it.

Lord I'm scared. Scared to be me.
Scared to be everything I know I can be.
Scared to do my best. Scared to pass the test.
Scared that if I shine too brightly, you might not love me.

I'm scared. Scared to be me.
Scared to be everything I know I can be.
Scared to do my best. Scared to pass the test.
Scared that if I shine too brightly, you might not love me for me.

[Always believe although you may be so scared]

[Always believe your dreams are sacred]
