[Outro from the Srimad Bhagavad Gita - The Hidden Treasure of The Sweet Absolute - Chapter 3. Verses 33 - 35]

1 thing I know is you got to
Do what you got to

You don't know me
You barely know yourself
But 1 thing I know is you got to
Do what you...

I remember clearly my first kiss she was
butterfly and I was in bliss
mesmerized by her lips and her eyes, her
hips and her thighs, her beautiful smile so I
fantasized about Love Forever
making a family and growing old together
memories of a young child
believing every lie that was fed to me
how could I know that real life ain't so easy
that Love don't exist exclusively to please me
still I chose to believe in Love
even when it feels like a battlefield check it
my next love was a love before
whenever the rain drops I fall for her
fool am I? Nah, she was an flower child
manipulative as can be but blessed with the type of
sensuality that make me just have to touch her
make a young boy just have to Love her and to
speak the truth I can't think of a better
nymphomaniac to lose my virginity to

You don't know me, uh uh
You barely know yourself but
1 thing I know is you got to
Do what you got to

You don't know me, uh uh
I barely know myself but
1 thing I know is you got to
Do what you got to... Look here...

I ain't trying to tell you what to do mama
you gotta do what you gotta do but
one thing I know, is I'll never forget you
each sacred smile and every soft kiss I receive
you in my arms I breathe you breathe slave to your charm
tell me how you want it baby speak to your brother
I'll be your saint, your king, your lover
and all I need from you is simply to believe
do what you got to I got you, you can lean
on me if you want or be that
independent woman just know that I need you
dearly I melt when I'm near you receive me
hold me tight as I press up inside you
it's that feeling when we touch, you and
me together that let's me
know, it's gotta be right for better or for
worse I've been cursed with the need to be wrapped around your
fingers be gentle with my heart cause I'm fragile
my entire world revolves around your smile cause
deep inside, I'm still a little child in Love

You don't know me, uh uh
You barely know yourself but
1 thing I know is you got to
Do what you got to

You don't know me, uh uh
I barely know myself but
1 thing I know is you got to...

I know it's hard to recognize a real man when you live
in a world full of boys that pretend to be men
you're so used to being lied to and cheated on
you get confused when a sincere soul comes along
just accept it. No one likes to feel rejected
and as a princess, you're supposed to be respected
but they just don't know so they treat you like dirt
for so long that you forget your own worth

like a pristine jewel cast to swine
you lose your shine when you let them fools deep inside
use your mind. Re-learn to respect yourself
in due time you'll find that the best in life is
Divine. Sublime nectar so Sweet Absolute
there's nothing quite as sexy as the Absolute Truth
so do what you got to to be you fully
I guarantee... I'm a be me for Life!

So now you know me
Just seek to know yourself
Cause 1 thing I know is you got to
Do what you got to

Now you know me
Just seek to know yourself but
Cause 1 thing I know is we got to
All of us do what you got to

All of us do what we got to!

BG 3.33

For even a knowledgeable person tends to act according to his nature (mundane inclinations). The living beings' endeavors are dictated by their natures. What then can repression accomplish?

BG 3.34

Although the senses are attracted to and repelled by the sense objects, one must not be controlled by these urges, for they are the greatest enemy of the candidate for self-realization.

BG 3.35

Even if it is imperfect, it is better to do one's duty according to one's own nature, than to do another's well. Even death in the discharge of one's own duty is better, for to perform another's is dangerous.
